RESPONSE TO THE RESTRICTION REQUIREMENT

MS Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

INTRODUCTORY COMMENTS

This is in response to a Restriction Requirement dated November 22, 2005, for which a response was due on December 22, 2005. Accordingly, this response is timely filed.

Claims 1-72 are subjected to the following restriction requirement:

- I. Claims 1-23, drawn to a chimeric protein, classified in class 435, subclass 196.
- II. Claims 24-30, drawn to a nucleic acid, classified in class 536, subclass 23.2.

III. Claims 31-49, drawn to a method for assaying sodium ions and a kit for assaying for sodium ions, classified in class 435, subclass 19.

IV. Claims 50-77., drawn to a method for assaying for lithium ions and a kit for assaying for lithium ions, classified in class 435, subclass 19.

Applicant hereby elects to prosecute the claims of group IV, claims 50-77. Applicant further respectfully traverses the restriction between groups III and IV because these two groups are directed to the identical class and subclass and there is no undue search burden. According, applicant respectfully requests that groups III and IV be joined.

Applicant requests examination of the elected and/or rejoined claims on the merits.

In the event the U.S. Patent and Trademark office determines that an extension and/or other relief is required, applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing docket no. 46699-2001100. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.

Dated: December 22, 2005

Respectfully submitted,

By 
Peng Chen
